

Notifications & General Settings

Configure how and when you want to be notified about assessment results, account changes, and customize your ConfigCobra experience.

Overview

Settings for notifying you about important events in ConfigCobra. Configure  **Windows notifications** for real-time alerts and  **email notifications** for comprehensive updates about assessment runs, user changes, permission modifications, and other account events.

 **Stay informed:** Enable notifications to ensure you never miss important assessment results or account changes. You can customize which events trigger notifications based on your preferences.

For more information, visit configcobra.com.

How to Configure Settings

Step 1:  Log in to ConfigCobra

Log in at app.configcobra.com using your credentials.

Step 2:  Navigate to Settings

Go to the **Settings** page in the main navigation menu.

Step 3:  Configure account settings

Under **Account Settings**, you can:

- Select  **custom color themes** to personalize your ConfigCobra interface

Step 4:  Configure notification preferences

Under **Preferences**, you can turn on the following notification options:

Windows Notifications

You will get notified in your Windows notification center if an ad hoc scan finished.

Email Notifications

Notifies you about:

-  Assessment runs (scheduled and manual)
-  User changes (added user, deleted user)
-  Permission changes
-  And other important account events

Notification Types

Windows Notifications

Receive instant desktop notifications in your Windows notification center when ad hoc assessments complete. Perfect for immediate alerts without checking your email.

You'll be notified when:

- ☒ Ad hoc scan finishes
-  Assessment completes
-  Real-time updates

Email Notifications

Get comprehensive email updates about all important events in your ConfigCobra account, including assessment results, user management, and permission changes.

You'll be notified when:

-  Assessment runs complete (scheduled and manual)
-  Users added or removed
-  Permission changes
-  Account events

Account Settings & Customization

Personalize your ConfigCobra experience by selecting  **custom color themes** that match your preferences. The theme you choose will be applied across the entire application interface.

 **Theme options:** Choose from a variety of color themes to make ConfigCobra feel more personal and comfortable for your daily use.

Best Practices

-  **Enable email notifications** for comprehensive updates about all important events
-  **Use Windows notifications** for immediate alerts when assessments complete
-  **Customize your theme** to match your preferences and improve daily use experience
-  **Review notification settings regularly** to ensure you're receiving the right level of updates
